

Letter Home

Imagine you are a refugee or immigrant who has come to the UK and have been welcomed by a Christian into their home for a meal or to stay. During your time with them, the Christian has explained what they believe the Bible says about welcoming people.

Write a letter home to a friend telling them how it made you feel to be made welcome and why your host believed it was important to welcome you. Don't forget to tell them about the weather, the food and any strange experiences you have had, too!

Dear _____

Hope to see you soon! From your dear friend,
