

TELL ME MORE

You and some friends have been asked by a Christian Fostering and Adoption charity to help persuade more people in churches to find out about fostering and adoption. You've been asked to create a social media post, using a picture and up to thirty words. The aim of your post is to let the people in the churches know:

**That God thinks fostering and adoption matters.
That there are many ways they can get involved with the issue.**

Use the boxes to gather the information you need to write your post.
